

Materials

EMA 3010 Section 3013 (16592)

Class Periods: T, Period 2-3 (9.30 am – 12.15 pm); R, Period 3 (9.30 am – 10.45 am)

Location: Online (Zoom)

Academic Term: Summer C 2025

Instructor:

Prajakatta Mulay

prajakatta@ufl.edu

(352) 846-3300

Office Hours: By appointment (Zoom)

Teaching Assistant/Peer Mentor/Supervised Teaching Student:

N/A

Course Description

Conceptual perspective for origin of materials behavior and the interrelationships of structure/property /performance. Materials selection and use of familiar material (metals, ceramics, polymers, electronic materials and composites) in electronics and structural and other engineering applications

Course Pre-Requisites / Co-Requisites

CHM 2045 or CHM 2095

Course Objectives

This is an introductory course, designed to provide the fundamental concepts of Materials Science and Engineering. Students will be able to describe structure, properties, and applications of metallic, ceramic, polymeric and composite materials and how to select materials for a given application.

Materials and Supply Fees

N/A

Relation to Program Outcomes (ABET):

Outcome	Coverage*
1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics	High
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors	
3. An ability to communicate effectively with a range of audiences	
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts	
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives	

6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions	
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies	

*Coverage is given as high, medium, or low. An empty box indicates that this outcome is not covered or assessed in the course.

Required Textbooks and Software

- Title: Fundamentals of Materials Science and Engineering: An Integrated Approach
- Author: William D. Callister and David G. Rethwisch
- Publication date and edition: Wiley 6th Edition
- ISBN number: 9781119035640

PLEASE NOTE: You need to acquire the e-book version with access to zyBooks as this interactive online learning tool will be used for assessment as indicated in the evaluation of grades. The simplest and affordable way to acquire the e-book is via UF ALL ACCESS. Login at the following website and Opt-In to gain access to your UF All Access course materials - <https://www.bsd.ufl.edu/AllAccess> – UF All Access will provide you with your required materials digitally at a reduced price, and the charge will be posted to your student account. This option will be available starting one week prior to the start of the semester and ends three weeks after the first day of class.

Required Computer

UF student computing requirement: <https://news.it.ufl.edu/education/student-computing-requirements-for-uf/>

Course Website

This course will use CANVAS extensively as a communication and archival tool. The students can access all relevant course information (course notes, homework, problem sets, solutions, announcements, grades, etc.) via the CANVAS entry link: <https://elearning.ufl.edu/> or <https://ufl.instructure.com>. Within CANVAS the students can purchase and access the book. Please check CANVAS frequently. **Communications to the Instructor and the Teaching Assistant should be sent through the CANVAS website to ensure a timely response.**

Course Schedule

Below is the intended/tentative schedule of classes and exams. *All in-class problem solving sessions are not graded.* The instructor reserves the right to make changes to the syllabus as needed. Any changes will be clearly announced on CANVAS and in class.

Week	Class #	Class Dates	Topic	Chapter
1	1	May 13	Course Objectives, Introduction	0-1
	2	May 13	Atomic Structure and Interatomic Bonding	2
	3	May 15	Atomic Structure and Interatomic Bonding	2
2	4	May 20	Atomic Structure and Interatomic Bonding – In Class Problem Solving	2
	5	May 20	Structure of metals, ceramics	3
	6	May 22	Structure of metals, ceramics	3
3	7	May 27	Structure of metals, ceramics – In Class Problem Solving	3
	8	May 27	Structure of Polymers	4
	9	May 29	Structure of Polymers – In Class Problem Solving	4
4	10	June 3	Imperfections in Solids	5
	11	June 3	Imperfections in Solids – In Class Problem Solving	5
	12	June 5	Review Lecture	1-5
5	13	June 10	Diffusion	6
	14	June 10	Diffusion	6

	15	June 12	Diffusion – In Class Problem Solving	6
6	16	June 17	Mechanical Properties	7
	17	June 17	Mechanical Properties	7
		June 19	No Class – Juneteenth	
7		June 24	No Class – Summer Break	
		June 26	No Class – Summer Break	
8	18	July 1	Mechanical Properties – In Class Problem Solving	7
	19	July 1	Deformation and Strengthening Mechanisms	8
	20	July 3	Deformation and Strengthening Mechanisms – In Class Problem Solving	8
9	21	July 8	Failure	9
	22	July 8	Failure - In Class Problem Solving	9
	23	July 10	Review Lecture	6-9
10	24	July 15	Phase Diagrams	10
	25	July 15	Phase Diagrams	10
	26	July 17	Phase Diagrams – In Class Problem Solving	10
11	27	July 22	Phase Transformations	11
	28	July 22	Phase Transformations	11
	29	July 24	Phase Transformations – In Class Problem Solving	11
12	30	July 29	Composites	15
	31	July 29	Composites – In Class Problem Solving	15
	32	July 31	Review Lecture	10, 11, 15
13	33	August 5	Types and Applications of Materials	13
	34	August 5	Economic, Environmental, and Social Issues in MSE	20
			No Final Exam	

Important Dates

Exam 1 (Canvas, Timed, HonorLock, Chapters 1-5)

Exam 2 (Canvas, Timed, HonorLock, Chapters 6-9)

Exam 3 (Canvas, Timed, HonorLock, Chapters 10, 11, 15)

Open: June 5 11.59 pm, Due: June 9 11.59 pm

Open: July 10 11.59 pm, Due: July 14 11.59 pm

Open: July 31 11.59 pm, Due: Aug 5 11.59 pm

Attendance Policy, Class Expectations, and Make-Up Policy

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies. Click here to read the university attendance policies:

<https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>

This course uses a team-based learning approach that uses pre-class preparation materials (including watching pre-recorded lectures and reading assignments) and live online lectures. The class time will be dedicated to lectures and/or In-Class Exercises and Discussions. Your completion and involvement in all these aspects of the course is critical to success.

Pre-Class Preparation Materials

Reading assignments will also help you prepare for the active learning activities and are one critical aspect of learning the course content. Your completion of the reading will be worth 25% of your grade and will be assessed using the interactive course platform zyBooks.

Active Learning Activities

Attendance to Live Online Classes is highly encouraged since there will be in-class discussions. Students are encouraged to ask questions and participate. The fundamental concepts will be repeated as required. Students are expected to login into zoom 5 minutes before class time and be respectful to the instructor and to fellow students. You will be required to participate in at least 50% of all class activities at minimum including lectures and in-class exercises.

Online Course Recording: Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Homework Problems: Homework is required for this course and suggested homework problems will be provided via Canvas (zyBooks) to help students prepare for the exams. Homework must be submitted by the end of the lecture week or as due. Homework will be worth 25% of the grade. Exemptions may be given to students who have excused absences consistent with university policies (see link above).

Exams: There will be 3 exams throughout the semester. Exams will be computer-based using the HonorLock function in Canvas. The exam content may change, and the dates are tentative and will be finalized after the add/drop period. Each exam is weighted equally, and total will be worth **50%** of your final grade. You have one week after the test results are posted to raise any questions about scores and grades with the instructor. No changes to your exam grade will be made after that time.

Make-up exams: Students who do not take an exam will receive a grade of 0. Excused absences must be consistent with university policies (see link above) and require appropriate documentation. Other than emergency situations, you must notify the Instructor of your scheduled absence for exams and discuss make-up options **at least one week prior to your absence**; failure to do so may not allow you to make up for the missed exam.

Communications: This course will use CANVAS extensively as a communication and archival tool. Students can access all relevant course information (course notes, homework, problem sets, solutions, announcements, grades, etc.) via the CANVAS. **Communications to the Instructor should be sent through the CANVAS website to ensure timely response.**

Evaluation of Grades

Assignment	Percentage of Final Grade
Reading (zyBooks)*%	25%
Homework (ZyBooks)	25%
Exams (online)	50%
	100%

*Earn activity points by completing textbook reading assignments in zyBooks (longer chapters are split into two assignments). While activity points for each reading assignment in zyBooks vary, each Canvas assignment is set as 10 points (zyBooks sends scores to Canvas as percentages).

%A penalty of 25% per day is assessed on late submissions.

Grading Policy

Final letter grade will be assigned based on a student's overall performance during the semester. The following scale will be used as a guideline.

Percent	Grade	Grade Points
92.0 - 100	A	4.00
88.0 – 91.9	A-	3.67
84.0 – 87.9	B+	3.33
80.0 – 83.9	B	3.00
76.0 – 79.9	B-	2.67

72.0 – 75.9	C+	2.33
68.0 – 71.9	C	2.00
65.0 – 67.9	C-	1.67
62.0 – 64.9	D+	1.33
59.0 – 61.9	D	1.00
56.0 – 58.9	D-	0.67
0 - 55.9	E	0.00

More information on UF grading policy may be found at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluer.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor

Code (<https://sccr.dso.ufl.edu/process/student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values varied perspectives and lived experiences within our community and is committed to supporting the University's core values, including the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information, and veteran status.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Undergraduate Coordinator
- HWCoe Human Resources, 352-392-0904, student-support-hr@eng.ufl.edu
- Pam Dickrell, Associate Dean of Student Affairs, 352-392-2177, pld@ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <https://counseling.ufl.edu>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence

If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the **Office of Title IX Compliance**, located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)

Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or <http://www.police.ufl.edu/>.
